

# Vanderbilt Grad Offering ScienceMath Tutoring

Location **Tennessee**  
<https://www.genclassifieds.com/x-561540-z>

I am a recent Vanderbilt Grad with a biomedical engineering degree. I am able to help with chemistry, biology, math, physics, and basic spanish. (I can also help with college level courses, such as circuits, or any biomedical engineering related course). If you would like to see a resume, I would be happy to show you. If interested, please call or text and we can arrange something.

Thank!
