Hello, I recently moved to a fantastic location downtown with a beautiful view of the city, and I am looking for vocal students to work with (i.e. rock, pop, country, gospel, r&b and classical). My teaching is Bel Canto based, and most of my students see a significant improvement within 2 lessons. My experience entails training with Alexis Rainbow, a former professor at Langston University, and training in West Berlin Germany with David Lee Brewer who taught Destiny's child. My lessons are simple and fun. We'll work on scales, focus on your songs and performances. I will give you the 1st lesson for \$15 to see if I can be of help to you. I charge \$30 per hour. I live in Nashville's first community for up and coming artists. To sum it up, the view of downtown and the other talented artists that reside here provide a great source of inspiration.
