

New online art gallery is now accepting submissions

Location **Washington**
<https://www.genclassifieds.com/x-561753-z>

3 gallery, a new online art gallery, is currently seeking submissions from artists specializing in 2D media with a street art and or graffiti influence. Painting and photography, as well as illustration will be accepted. Right this moment, we're only online, but in a year we will be expanding to a physical location. So if you feel like your work will fit in, and you would like to grow with us, check out our website at
