I am looking for a job as a companion, helping elderly individuals in my community. I can cook, clean, do laundry, drive to doctors appointments, shop/ take the individual shopping, sit and chat, accompany the individual to social events, care for pets and more. I am looking for a part time position as I also manage a small farm but my schedule is flexible.

If you have an elderly family member or friend who could benefit from my services please contact me. I would love to help them through the journey of aging while learning the valuable lessons they have to.
