I am a researcher looking for pictures of any and all wild reptiles and amphibians in the state of Wyoming. I am willing to pay \$10 for pictures of certain species, particularly in the counties of Sublette, Fremont, Campbell, Converse, Johnson and Washakie, but possibly to include others. If you have a friend who is the town "Snake Man" or "Frog Lady", please have them send an email over to me. Pictures of deceased animals are ok, sometimes they are the most valuable.

Pictures Wanted-

 Frogs
 Toads
