FLYAROO Fitness Launches Nationwide Certification Tour!

FLYAROO Fitness: Children's exercise program, focusing on dance, fitness, & yoga routines. We are theme-based & every month, we will send you to travel to a new destination (using our imagination!). This is a certification. We are not hiring instructors. After you register for our online training & graduate, you will be independently working as a FLYAROO Fitness Instructor.

Mission: Encourage a new generation of kids to become fit and healthy with FLYAROO Fitness.

Become the 1st instructor in your city: If you love fitness & you love working w/ kids, you will be successful!

How to become the first instructor in your city: View our Become an Instructor page and sign up for the online training academy here! Online training includes PDF manual, training videos, and a brief audition. You will be personally trained by the co-founders, Ethel & Ashley.

Where can you teach FLYAROO Fitness? We teach FLYAROO Fitness in so many different places! Here are a few suggestions: outdoor (public beaches, backyard, parks), preschools, afterschool, camps, birthday parties, gyms, & in the community!
