I am looking to sell my Ibanez SR800F.

This bass has amazingly smooth tone and sound. It is in great condition, with a few cosmetic scratches along the back (as pictured.) I have not been able to give this fretless as much attention as it deserves.

This was built in 1989, at Fujigen Gakki Japan. If I had to describe the build quality of this bass in one word, it would be solid. The MIJ models far outstrip the later MIK basses in both sound and quality.

It comes with a brand new Ibanez gig-bag. Call or text to set up a time to check it.
