

weekend boat delivery work at Lake Anna

Location **Virginia**
<https://www.genclassifieds.com/x-562048-z>

Part time work (mostly on weekend) for our boat rental business.

Must have reliable transportation, valid driver's license, and some familiarity with boats. A truck is a plus, but not required (those who have tow-ready truck would receive mileage reimbursement for on-the-job towing and transport).

You would be assisting with deliveries to customers, pick-ups, and cleaning/prep/refueling.

Opportunity for promotion to team leader if you have boat/towing experience and good availability, can present yourself well to customers, and are willing to complete a free online boat safety certification course.

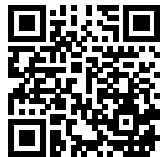

Please include the following in your e-mail:

- Name
- Phone number
- your availability for this summer
- any/all experience you have with boats and/or towing
- your vehicle make and model (if you have a tow-ready vehicle you can use; not required)
