Hi are you a musician - fiddler, guitarist, singer - who would like the opportunity to have your talents show cased on a new half-hour tv show starting up this July and August? Then contact me immediately. There is no appearance fee, and no appearance charge, your show will be broadcast on public access tv and you will receive a dvd of your performance so email me now. The planned format of the show is that I, the producer, will interview you so the public can learn more about your music and you will have the chance to perform as many or as few songs/tunes as you like. Please be sure that you can travel to Newport for the filming which takes around an hour. Contact me now by email. If you aren't a musician or singer but know of a family member or friend who is then contact me on their behalf and I'll make contact with them. I am interested in all types of music from old time French-Canadian and U/S fiddling to guitarists, rock bands, punk bands, singers, anyone and everyone, and all age groups wanted, thank.
