

Female Hedgehog (Lander)

Location **Wyoming**
<https://www.genclassifieds.com/x-562077-z>

Female hedgehog with cage food and water bowl all her accessories, her wheel log hideout and her favorite turtle hideout, and remaining food and treats as well as her remaining bag of litter. She eats high quality cat food and meal worms as treats, she also loves to take baths. I don't have time time she deserves with my work hours. Her cage is about 4' long and 2' wide with a removable top that was originally purchased for \$100. Very low maintenance pet. A great starter package for somebody wanting to experience these unique creatures!
