FOUND CHOCOLATE LAB MIX, KEARNS

Kearns, UT 84118 | Jul 10, 2015

This sweet little girl showed up on our front porch early morning Thursday, July 9th. She tried to get in my husband's truck, then tried to follow him down the street. She has a collar but no tags. Weighs approximately 50 lbs. I'm guessing a lab possibly mixed with pointer? Very friendly though not super well mannered. Seems well taken care of. Gets along great with our two dogs. We live in the Kearns neighborhood east of the high school in between 5400 So & 6200 So. I have posted a ton of flyers in the area and left my and the dog's information with West Valley Animal Services. I will not be taking her to Salt Lake County as they are a not a no-kill shelter. If I haven't found her owners by the end of the weekend I will take her to my vet to be scanned for a microchip.

If she's yours please call Connie. I can't imagine a dog as sweet as this one not being missed by someone.
