I have a black female cat that's almost a year old, unfixed and up to date on shots. Please don't ask for more or better pics of her, the one I'm posting here is literally the best I've ever gotten of her.

Orange male tabby, 3 or 4 months old, unfixed , up to date on shots.

The first cat to go is free, second is \$10 because it'll come with a brand new litter box and remainder of litter.

The rabbit is less than a year old, female, never been bred, been around dogs, cats, ferrets, other rabbits, and guinea pigs. \$40 cage, almost full 20 lb bag of food, hay, water bottle, hay rack, play pen.

MUST PICK UP I DO NOT HAVE A VEHICLE, I'M AN HOUR SOUTH OF.
