My husband and I found "Charlie" in the front of our house a couple weeks ago. We thought he belonged to the neighbors, but no one has claimed him, and he doesn't have a collar. I have three cats and two dogs (all rescues) already, so we have no room for him in our house. I found my third, blind cat on Craigslist, so I want to see what kind of response I get on here. We've been feeding him 2-3 cans of cat food every night from our garage. He's really sweet and talkative; he's a great cat for someone that has room to home him!! He's not neutered, and we don't know if he's been vaccinated, so my husband and I will take him into the vet once someone wants to take him home. He looks like an Egyptian Mau or might just be a Domestic Shorthair. My husband and I named him Charlie because it suits him - he always wants to snuggle with us. If you are interested in him, please text me if at all possible! If you want to come meet him, please let us know at least a day in advance so we can bring him into the garage. We refuse to take him to a kill shelter, but if I don't receive a response in the next couple of days, I'm going to take him to the street to a no kill Rescue so they can rehome.
