

# Reward for Lost Tanzanite Wedding Ring (Jasper Marietta)

I lost my priceless wedding ring, the day after my 20th wedding anniversary, on June 26th the day my family went to White Water in Marietta. I was parked in handicapped parking as I am disabled, with my 3 children in a blue van, and may have lost it in the parking lot. I have no idea where it was actually lost... It could have been lost anywhere in or between Marrieta and Jasper. It looks fairly similar to the attached picture. We would be so overjoyed & relieved, if someone found it, & returned it!!!! The tanzanite center stone is a bit less than 1 carat, with small diamonds surrounding the oval tanzanite, set in 18K white gold. Unlike the picture, the two rows of diamonds on both sides of the wedding band, are separated from each other a little bit having some space in between and are not as large as in the picture. My wedding ring is not worth a whole lot, money wise, but it is extremely sentimental to my husband & myself. I am devastated as we just celebrated our 20th wedding anniversary. REWARD! Will you please spread the word & help my ring return home to me? Maybe a coworker, neighbor, friend, or family member is showing off her new ring (like in the picture) & maybe you can share this post with her / ask her? I am battling serious health issues & this loss is breaking my heart. Will you please help? Thank!
