Meet Pugsly, Hes a male pug about 11 months old. Neutered and UTD with shots. Our 14 yr old son wanted a dog we already have 3 so the agreement was we would get him a dog if he would take care of it. Saddly pugsly hasn't been getting the love and attention he deserves. Hes very loyal and sweet. He is 100% house broken and 100% crate broke. He knows sit and is a fast learner. He is good with other dogs, children and cats! :) Small children make him nervous Like under the age of lets say 5 years old. Hes a very good boy and he is being re-homed by no fault of his own. My husband and I simply have to many dogs to give them all the love and attention they all deserve. I have his paper work and his rabies tag. He is only flea treatment and has a flea collar. He NEEDS to be an inside dog only. Due to his short snout he can over heat easily in this 80+ degree weather. He is kind of shy towards strangers but will warm up fast. He loves to play ball and snuggle. He even gives KISSES!! If you want to open your heart and home to him please text or call me. I can send more pics as needed.
