Kindness Matters Ferret Rescue has a lot of ferrets for adoption. Most need to go to a home with another ferret or as a pair. Some can go to a home with just one. Adoption fees vary, depending upon the ferret. There is an adoption process.

All ferrets at the rescue have received their distemper vaccinations and been treated for worms, ear mites and fleas. They are handled frequently and taught not to bite and constantly being taught to use the litter box or newspaper. I also know their likes and dislikes, so you don't have to experiment with food, toys and such.

Acworth, one mile from exit 277, near Baker Road and
