

# Body Paint Model

Location **California**  
<https://www.genclassifieds.com/x-562514-z>

I am a professional and creative body painter located in Oakland, Ca.  
I'm seeking new female models to work with out of my current loop of models I encounter.  
I will send link to my professional artist website or Facebook page to those that reply and are interested.  
Nudity is not required on camera, but must be comfortable nude while being painted.  
Females only Please between 18-30. Please be fit and attractive.  
This would be a TF project for those that are interested. Models will be compensated with body painting services and photos.  
If body painting is something that interest you, email me with current photos or questions and lets talk.

Check out the website for more info
