

Make money, ride scooters (SOMA south beach)

Location **California**
<https://www.genclassifieds.com/x-562519-z>

Do you have your M1 motorcycle license? Do you have a flexible schedule and want to make some extra cash? Are you over 21 years old and have a clean driving record? Can you lift 50 pounds comfortably?

If so, join our fleet team and help us move and recharge electric scooters in San Francisco.

We need someone available early in the mornings to help us keep our fleet rolling. This means moving scooters or bringing them fresh batteries.

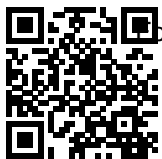

The ideal person would have their own vehicle for carrying batteries when necessary, but also be a confident rider when on moped or motorcycle. If you have a truck or van, this is much easier. It's even better if you have access to a motorcycle trailer.

If you have construction skills, even better. We need help installing new locations as our company grows. In the next few months, we'll regularly be installing equipment, painting parking lines, and other related contractor work for our garages.

We additionally need help with administrative projects in the office and out in the field. The more flexible you are, the more work that we may have with our projects. There is a possibility of becoming a regular employee and possibly full-time work for someone.

This is an independent contractor position for up to 20 to 30 hours per week. The days would be must Sundays (must be available 8 hours on Sundays; around 9AM-6PM). Prefer someone who can work Saturdays and Sundays both. It would not be necessary to do it every day either.

This is a great part-time student job.
