I have a set of 4 wheels and tires that came of my 08 Stang Gt. I later took them off the Mustang and had them on my 06 Town Car. I now need them gone as other projects have come up. The wheels are in great shape and the tires are pretty new.

18x8.5 Ford OEM 'Bullitt' style wheels for a 2005-2009 Mustang. NOT REPLICAS

245 45 R18 tires. Michelin rear & Goodyear in front.

Even tread wear on all tires, all 4 tires are balanced and none have lost air pressure while stored.
