We are swimming in kittens and we now have 17 kittens ready to go. They have been spayed or neutered, tested, wormed, first vaccinations, and microchipped. They are litter box trained and use their scratching posts. We raise them in our foster homes and have saved them from many dire situations where they might have perished without us. Now we need the community to take one or two into your hearts. They are on **SPECIAL FOR \$50 EACH** this weekend at Petco in Rogers behind the Chic fil A on Walnut starting at 11 am Saturday. We have a lot more than that in each kitten and depend on our generous public for our donations. So bring your carriers and come check out our super sweet loving kittens. You won't be!
