

Need a graphic designer (Denver)

I need a graphic designer. I want to create a Tri-fold brochure that will serve as an investment prospectus for my small business. I already have the copy, my logo, and my headshot. I need someone to lay it out, select appropriate photos, and make it look professional. I don't want something super fancy, and I don't want something that looks like it came from Microsoft Publisher.

If you have a link to some similar work that would help me decide who to select.
