Hello, I have availability to date night babysit! I will have my daughter who is 1 and a half years old, that will be with me. I have over 20 years babysitting experience. I can travel to your home or you can bring the kids to mine. I am mobile, you can call or text anytime, just give me a 3 hour heads up and I will be able to let you know if I am available.

Thank you and look forward to speaking with you soon :)
