I'm currently looking for a partner to start an acoustic duo with. I am 21(female), and would like to start taking music seriously. I don't play the guitar very well, although I play good enough to write my own songs. My taste in music is pretty eclectic, but my voice is most suitable for acoustic/folk rock indie music. I'm inspired by artist like The Lumineers,Mazzy Star, The Swell Season, Hozier, and The Head and The Heart. I'd like to do something similar to Angus and Julia Stone. Unfortunately I don't have any voice samples at the moment. If you're interested let me know.!
