Aloha All-

I have 2 Queen size mattresses for sale. Both have only been used for a couple of months, since I had to buy 4 twin mattresses to better accommodate the sleeping needs in our house. These mattresses are very plush and comfy. I paid over \$1100/each for them brand new. I am looking to get \$700/each for them since they are used lightly. No box spring included however I do have a folding metal frame that is included. Please contact me via email with mattress as the subject. Mahalo for reading the ad.
