Are you a singer who wants to get your music out?

Do you need STUDIO TIME and/or instrumental BACKING TRACKS??

We have everything in house to turn your song ideas into COMPLETE CD/RADIO QUALITY SONGS!

If you have song lyrics, music, or even just an idea of how you'd like the music to sound we can help.

That's all I need to compose and record a complete instrumental for you. Not only that, but I am a professional multi instrumentalist with 28 years live playing experience. I will record your song with any combination of live guitar, bass guitar, several keyboards and synthesizers, other misc sounds, and the best drum & percussion sounds money can buy.

After I create your instrumental, we can record your vocals here. I can then mix everything professionally and master to CD/radio quality.

BOTTOM LINE: We offer studio time, we create the instrumentals for you songs, and we even offer vocal lessons & keyboard lessons.

We do almost every genre's and have very generous rates for this level of quality.
