Male kitten needs home asap, he is black with a bit white on chest and underbelly. He is sweet, loves to cuddle, and play. He is 12 weeks old and needs a forever home. I can't keep him where I live right now, as I don't own the home. Re-homing fee is waived. He will come with all essentials; food, so you can ween him off of the current food to your choice; toys and cat litter box. Please, I don't want to take him to a shelter to be.
