I need help around the house today, doing labor, lifting, moving, organizing, domestic work and office assistance also. Maybe yard work. I'm in a house, I'm a single guy and had 2 male roommates, if you work here someone might be walking around in thier underwear, so please be forewarned. You can wear gym shorts or sweats or anything. Great for a college guy home for summer. I'll pay at least \$10 cash, and probably food/drink. I'm looking for today and future help. Please send your phone number and why I can trust you and you can help me. I may have work on other days. I'll call you and we can get started. It might help if you tell me where you.
