Sod Removal and Installation (Orlando)

Location **Florida** https://www.genclassifieds.com/x-563138-z

Looking for someone to remove sod and install new sod in yard.

I will pay for sod and its delivery.

Will be compensating you \$10 per pallet and paying for the Sod Cutter. I will not have grass sprayed with chemicals so grass will have to be removed with sod cutter (I will pay for it).

Work will be a total of 8-10 pallets, in addition to some small yard work which will also be.
