Hi Mamas!

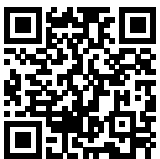

I'm looking for SAHM's looking to make extra income, while working from home, on your own schedule. Payday is every Friday.

I'm a consultant with Jamberry Nails...and despite previously thinking that a company like this is not for me, Jamberry has proved me wrong! I made over \$100 my first week. Which may not seem like a lot, but I never left my home!

No in home parties...I do all my parties on facebook, using a party template I created, and I can teach you how to replicate my parties (copy/paste)

I've worked hard at creating a system easy for my team members to follow. I'm looking for ladies that know they need a change in their life, and are willing to put in the effort to get there! It's not hard work at all, but it does take consistency :)

If you'd like to hear more feel free to email. I'd be happy to share anything and everything with you...including my paystubs, just to prove I'm not selling a false message. I've seen how this has changed my life in so many ways and I want to teach others to provide for their families, while not having to sacrifice time with their.
