Want your important events photographed but don't want to spend thousands on a commercial photographer? An award-winning photographer from the College of William and Mary will take photos at your events (birthdays, graduations, proms, bar mitzvahs, baby showers, anniversaries, engagements) for rates far more reasonable than professional event photographers. I have extensive experience with event photography: Photographer/videographer at a summer camp (three years), school newspaper (two years), AP Photography, misc. photoshoots. Experienced with Photoshop (preservation, correction, touch-ups) and Shutterfly (can make photobooks to display and preserve photos and memories).

Cameras: Canon T3i and Canon Ftb Ql
