Roto Rake manufactured out of Lincoln, NE. I have never owned another motorized lawn product that starts better than this power rake. Kick-stand at the rear, start, and let it down and start dethatching - brings dead grass/leaves to the top of lawn, then pick it up with your mower w/ bagger. Great if you're over-seeding your lawn and trying to reach that golf course look.

Adjustable height, plus heavy duty, thick commercial grade steel, no problems.!
