This is Display/Curio/China Cabinet. In great Shape. It is 66" across. Height is 76" without Top piece. 87" with the top piece. It is 15" deep. It has 3 shelves on the inside with 3 small drawers on the Bottom. There is Plenty of Storage Space inside. Honestly I have no idea what kind of wood it is. Sorry! Feel free to any questions. Thanks for Looking!??
