Hey guys!

My name is Ryan, I am an internationally touring musician and artist coach. After 5 straight years of touring, sleeping on couches and in our van, breaking down and scraping by, I knew we had to make a change. I started reading everything from music business pros like Bobby Borg, Ariel Hyatt, and Bob Baker. As well as one-on-one consultations with Entrepreneurial experts like Debra Russell and taking her "Multiple Streams of Income" online course. My research, as well as way too much trial and error, and way too many months on the road essentially getting nowhere, we nailed down a new approach to touring. The growth was so much quicker. The venues were larger and the sales were finally in the "green".

As a band that was touring 300 shows a year, some local bands wanted to get out there and they were asking me how we did it DIY style. I started helping friends bands out, and it began spreading locally. Since I am an artist as well, and had my share of "let me help your career for a fee" scams, Im offering a free first phone consultation. No obligation and no risk. Text or email if you would like to try the free consolation. Thanks so!
