Cooper is a male Domestic short hair brown tabby, about two years old. He was abandoned and turned over to a local high kill shelter on 6/26...his time is running out and the shelter staff who have been caring for him are desperate to save him. This is one handsome boy, with a classic (marbled) tabby pattern, and he is very affectionate!! All we need is for someone to foster him temporarily (2-3 mos) while we search for his forever home. We provide all starter supplies, food and vet care if needed. Please help us save Cooper's life!!

All you need is a little extra room and a lot of love and you, too, can make a difference in a cats life. Contact us ASAP...don't let him become another statistic!
