

Gas Tank Strap Replacement 2002 Ford Escape (1115 E 61st St)

Location **Indiana**
<https://www.genclassifieds.com/x-563612-z>

Hello,

I need a mechanic to replace a gas tank strap on my 2002 Ford Escape. There are two - only one is needing replacement. It has rusted and one side has been torn off. The gas tank is currently sitting on a crank which heats up the tank so I would like this fixed soon! Please text or leave a voicemail if you could help me out this week and finish preferably by Thursday. Thanks in advance.
