My pup's name is Annie and she is a 14 week old german shepherd mix. I think she is mixed with some sort of hound. She is very sweet and loves to play. I will include her collar, leash, toys, and food dishes. She will need to brought to the vet to receive her puppy vaccinations soon. She knows the commands sit, down, and stay (kind of). She would probably do best in a home where she has room to run and gets plenty of love an attention. I am going to college and I can not have her in the dorms. If interested, contact me for more information. TEXT
