

2012 Ford Fiesta 4 DR Hatchback (Manual)

Location **Maryland**

This is a great car for the city; it averages 30 - 32 miles in the city and 34-38 miles on the highway. It's size allows you to squeeze into just about any parking spot. It has zip, handles well, and is a ton of fun to drive. With the exception of hills, this car doesn't like steep hills. The car itself is a violet/grey color.

I have a maintenance plan, tire warranty, and car warranty. The car warranty is good until 2018 or 75,000 miles, whichever comes first. I'll have to double check on the maintenance plan and tire warranty in terms of the expiration details. All three plans can be transferred to the new owner!

Thanks for your!
