YEAH!!

Just because someone has BIG MONEY and A BIG MOUTH does NOT equal DEMOCRACY. Look at Cuba ~ everyone works to support the man who controls all the money in their country.

Those with money, their only concern is about themselves and how to make more money for themselves, NOT for the public welfare. ding dong is a big mouth and will finish last. Actually, he would be easy to defeat. Maybe he SHOULD get the Republican nod to run.

Do not confuse free enterprise/capitalist society with Democracy. They are different.
