

Nigerian dwarf male rabbit (Noblesville)

Location **Indiana**
<https://www.genclassifieds.com/x-563952-z>

I need to rehome my bunny rabbit. He is a registered Nigerian dwarf. His registered name is Gordon, but I call him Geo. he will be a year old late fall. I think November. I have his papers. He has a cage. Litter pan. Food dish. Water bottle. Two toys hanging in his large cage. Geo is a very friendly rabbit. He loves to get out of his cage and run around. He loves to be held, and to cuddle. He's a great rabbit. I hate seeing him go. But money is tight and I don't have the time for him. He needs someone who will get him out and play with him every day! He's the best rabbit I've ever had! And perfect size, only about two pounds.

Would like 50\$ for a rehoming fee. You will get everything
