We receive merchandise loaded in Gaylord boxes and have no use for them after our product is processed. Gaylord boxes are designed to fit on a normal size (40"x48") pallet - but they have full bottoms so they can sit directly on a floor or shelf.

Most of these have a flap cut on 1 side in order for you to reach in and pick up something on the bottom. We do not have the pallets - just the Gaylord boxes.

They are folded for easier storage and transportation.

We only have 6 left so hurry before they are picked up.
