We build and fabricate custom sized furniture pieces for your home or office!

No job too small or large! Custom sizes and shapes are no problem! We enjoy a challenge and new ideas. One of our craftsmen will work with you to help you design and build your own custom piece of furniture.

We primarily build custom sized dining room tables and chairs with steel frames and exotic wood tops.

Other works include modern/minimalist style interior furniture/end tables/fixtures, decorative fireplace mantels, and fire place surrounds.
