This crate is a very sturdy one and is in excellent condition, but it is missing the handle from the top. It has a cord in place of the handle, which serves the same purpose, which could be removed if you don't need a handle. The holes from where the handle was are small & in no way affect the usability of this great carrier.

This is a very sturdy, good quality crate....it has molded holes to put tie downs, and rolled smooth handle areas below where it says lift to make for comfortable lifting & carrying (see close up pics)...

Measures 27"L X 20"W X 21"T

Asking \$45.....will add pics asap.....

Call Debbie at 939-2036...phone calls only. I am located off of Hwy 55, approx. 4 miles north of State St.
