Sawadee! I'm a native English speaker looking for someone with whom to practice Thai language. If you speak Thai, get in contact with me! We can exchange English lessons for Thai, or if you have no need for English, we can talk about payment or trade options. I'm also open to buying lunch/dinner in exchange for an informal lesson or chat. I have studied Thai and can speak basic Thai, but want to improve. I cannot read or write Thai. Good luck to you, and have a wonderful.
