This is a new video I found of George, who was baited, trapped, and abandon on Simplot Rd on March 20th.

<https://www.youtube.com/watch?v=sjFaZRAiTqY&feature=youtu.be> He has been sighted more than a dozen times, one person spending the afternoon with the cat before finding out too late it was my cat. We think he is still alive out there somewhere, if not in Greenleaf, near where most of the sighting have taken place, or within four or five mile radius of Greenleaf. The last sighting was by man in an A frame home on Antrim rd in Greenleaf. Reward of \$100.00.
