Up for sale is a 2006 Chev Uplander LS with about 82K miles(lowest on CL) I'm selling it for my sister who is the 2nd owner. Was purchased with only 20K miles on it from the elderly original owners in South Dakota about 4yrs ago. There are a few others on here with over 200K miles so plenty of life left on this one. Fresh oil change and detail, ready for a new owner.
Please ask any questions. \$5,500/bo not open to trades at this time.

If the ad is still up it's still available, as I will promptly remove the listing once sold. With that said, emails asking if it's still available will be ignored. Thanks!

Also it does not have DVD or power doors or seats, but does have power windows, locks, and cruise.
Tabs are good through April 2016.

I have the van and it's ready to!
