

# Mascot for Hire (Gulfport)

Location

**Mississippi**<https://www.genclassifieds.com/x-564210-z>

Hey, there! I am a mascot looking to turn professional. I have experience as a mascot at a certain cheesy kids' restaurant, and I own several costumes. I will do birthday parties, promotional business events, and just about anything else that might require some mascot fun! The current costumes that I have are the gecko from the car insurance ads, a silver robot, and a friendly turtle. All are great for kids' parties. I am a senior in college, and I am trying to save up money for school. I pride myself on offering professional, courteous service and a fun time for all!

My starting rate is \$30 per hour plus \$1 per mile away from my location.

If you are looking for a mascot, please give me a call. If I do not answer, I will respond in a timely manner to all voicemails.

Thanks, and have a great!
