The Technician who Cares for You

Expert Service at Affordable Prices

Location **Missouri**
<https://www.genclassifieds.com/x-564234-z>

Flat rates available for dropoffs and remote service. A+ and Microsoft Professional.

*PC Cleanup/Optimization \$30 - When you get your computer back, it will run exactly like when it was brand new, guaranteed (Sometimes a little better, if you bought your PC preinstalled with bloatware, as most laptops are). After I am done, if you aren't happy with the performance, you pay nothing. Remote cleaning available too, so you never have to take your PC away from your home.

*OS reinstallation \$50 - While most virus/malware infested computers can be fixed with the PC Cleanup/Optimization service, every now and then, a system comes along that got a real nasty virus that did irreparable damage to the system. This is where a complete reinstallation of windows is necessary. This includes an essential data recovery and backup so you can save what is the most important. If you just want to start over, this will always result in a completely brand new system, but without all the bloatware it originally came with.

Although PC Cleanup/Optimization is the most common service, I offer many more:

- Data Backup
- Gaming PC Builds
- Hardware upgrades (Hard Drives, RAM, Graphics, add USB 2.0/3.0 slots, CD/DVD/Blu-ray burners, Power Supplies, Motherboards, CPU's, etc...)
- Network installation (ISP connection setup (modem), router setup (WiFi), etc...)

-Laptop Screen Replacement

-Laptop Training

Almost all of my services are \$35 or less, some as little as \$10.

In home service available too \$30 for the first hour and \$20 for each additional hour
