

# Male Model for Collaborative Project (New Orleans)

Location **Louisiana**

I am a male model in New Orleans with some creative projects planned and open to other creative collaborations as well. I am looking for serious amateur photographers who want to expand their portfolios or just have some fun shooting, as I do not have the funds to hire a photographer.

One project involves me being body painted and shooting outdoors. There are several concepts for this already and I have an artist who to do the painting. We are just lacking a photographer. The location will be an old neighborhood or cemetery for one of the concepts and possibly a bayou for the other.

Another project that I am working on is building a body of works of me posing nude around the world with popular city landmarks in the background. For example, overlooking Jackson Square/Cathedral or the Superdome. I have just started this project recently and so far only have Boston and Chicago skylines.

I have an old building near the Superdome with an empty apartment unit that would make for a great indoor photo shoot if you happen to have any of your own ideas in mind for fashion or other type of shoot. It has hardwood floors, high ceilings, and a lot of light coming in through big windows.

If interested, please provide your name, email address, and any samples of your work. I will get back to you with my full information as well.

Thank you,  
Christopher
