## MISSING fawn boxer (bennington nh)

Location **New Hampshire** https://www.genclassifieds.com/x-564372-z

Tragically our house sitter lost our beloved dog. 'Maci' is an 11 month old fawn boxer with white face chest and paws. She loved other dog and people but shy tords men. She's been missing since 2 am Sunday 7/6/2015 from bennington in and around the crotched mountian ski area. She knows many of the trails well so we are widening our search to francestown and greenfield. Since we were on vacation we are unsure what direction and facts of what happened. There's a small chance she could have been stolen so if anyone sees her on craigslist or Facebook don't hesitate, any information will help. We've had no sightings or clues yet. Thank you for reading. A 200 dollar reward for any one who can bring maci.
