

# Work From Home pt, Local Consultant

Location **New Hampshire**  
<https://www.genclassifieds.com/x-564485-z>

As Cultural Care Au Pair grows we continually strive to raise awareness about our program and to ensure that we provide the best possible local support to our host families. This often results in the need to add to our network of local childcare consultants like in your area of Manchester, Merrimack, and Bedford.

Put your customer service and marketing skills to work as you introduce families in your community to a flexible and affordable form of childcare. Work with international au pairs and help them navigate their year in the United States. Plan fun events for your group of families and au pairs and be a source of support for them as well.

As a Local Childcare Consultant, you must be a creative, passionate and innovative person who is impartial to people based on their race, creed, nationality and culture. This opportunity requires complete neutrality and excellent customer service skills.

This has a little bit of everything including the opportunity to earn domestic and international trips!

Interested? Want to learn more? Visit us online at <http://consultant.culturalcare.com/lcc-responsibilities.html> for more information and <http://www.tfaforms.com/217803> to submit your qualifications.
